(54) Title: **SURVEY SYSTEM**

(57) Abstract: A method of conducting a survey. The method includes providing a plurality of questions to respondents, at least some questions being provided to a plurality of the respondents, collecting answers to the questions from the respondents, transferring at least some of the answers to respondents other than those who generated the answers, collecting responses to the transferred answers, at least some of the responses being qualitative, and providing a statistical report which is at least partially based on qualitative responses collected from the respondents.
